

GAMASU NARASIMHARAO

✉ gamasunarasimharao630@gmail.com ☎ 6301365110 📍 Hyderabad - 500085

🎓 EDUCATION

Bachelor's in computer science engineering
Kakinad institute of Engineering and Technolog
70%

2020 – 2024
Kakinada, A.P

💡 SKILLS

SQL

- Writing Complex Queries
- Joins (Inner, Outer, Left, Right, Full)
- Subqueries and Nested Queries
- Data Manipulation (INSERT, UPDATE, DELETE)
- Data Definition (CREATE, ALTER, DROP)
- Indexing and Query Optimization
- Aggregate Functions (SUM, AVG, COUNT, etc.)
- Window Functions (ROW_NUMBER, RANK, etc.)
- Stored Procedures and Functions

Python

- Conditional Statements,
- LoopsList Comprehensions,
- Data Structures, Functions ,
- Exception Handling,
- Object-Oriented Programming (OOPs).

Python Libraries

- NumPy,
- Pandas,
- Matplotlib,
- Seaborn.

Machine Learning

- Supervised Learning, Unsupervised Learning, Feature Engineering and Selection, Model Evaluation.

PowerBI

- Data Cleaning and Transformation (Power Query)
- Data Modeling (DAX, Relationships)
- Creating Interactive Dashboards and Reports
- Custom Visualizations
- Power BI Service (Sharing and Collaboration)
- Row-Level Security (RLS)
- Data Integration (Excel, SQL, APIs, etc.)
- Advanced DAX Functions

Excel

- Data Cleaning and Formatting
- Advanced Formulas (VLOOKUP, HLOOKUP, INDEX, MATCH, etc.)
- Conditional Formatting
- Pivot Tables and Pivot Charts
- Charting and Data Visualization
- Power Query and Power Pivot
- Data Validation

Exploratory Data Analysis(EDA)

- Data Cleaning & Preprocessing, Univariate, Bivariate and Multivariate Analysis, Visualization.

Web Scrapping

- Beautiful Soup, Requests, Selenium, Crawling.

📁 PROJECTS

EDA on Second Hand Cars

- Collected and cleaned second-hand car data using Selenium, Pandas, and NumPy, creating a dataset with 4,321 records. Visualized trends with Matplotlib and Seaborn, identifying the most popular car brands in Indian cities.

Adidas US sales(Power BI)

- Optimized Adidas US sales data visualization with Power BI, improving efficiency by 20% and ensuring 98% data accuracy, utilizing DAX and Power Query for advanced analysis.

📜 CERTIFICATES

- Data Analyst Certification Innomatics Completed
- Mechien Learning Certification Innomatics Completed

📖 COURSES

Data science
Innomatics Research Labs

2024/08 – present
